Dear Mr Dunn,

I have only just joined HMS BROADSWORD and one of the first items in my 'In Tray' was the very fine pair of photographs of the previous BROADSWORD for which we are most grateful. I must apologise for not writing sooner but I am afraid that the first week after joining is always a bit hectic.

I intend to get the photographs suitably framed and hung in the appropriate position onboard for all to see. I see you would like a photograph of ourselves on Sea Trials. I will arrange for this, but at present the date of Sea Trials is somewhat flexible so it may be some weeks before the photographs are taken. I also note from your letter that you have photographs of BRILLIANT and BRAZEN. I am sure Commander BUNN has told you that they are also being built at Yarrows, so in due course I am sure they would be delighted to hear from you, although I would suggest not for another year atleast.

Once again very many thanks for the splendid photographs.

Yours

Sincerely

A. M. Norman
